Final Instructions

1. We have a few double entered cars so we will not be enforcing – you must run in class order. We would request the double driven cars are first up to the start to allow good time for driver change. It is however requested that apart from this Class order is followed where possible.

2. Any road going car in any class will be allowed to start singularly, we appreciate we have a stony venue! However we would actively encourage 1 & 1, ½ a lap behind to keep things moving. The remainder we still would like to run 2 & 2. As the first bend is to the right it is suggested that when approaching the start Rear Wheel Drive Cars approach on the left.

3. Strictly No Mini Moto's, quads etc in paddock. If you use tent pegs, could you please make sure to take away as many as you brought, they puncture tractor tyres.

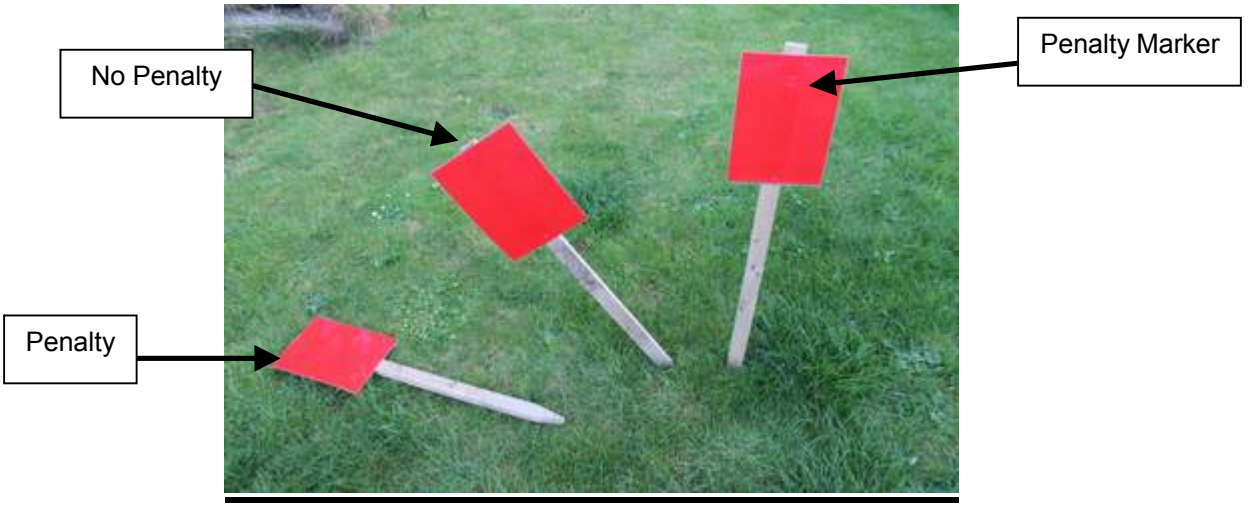

4. Please follow arrows to venue – as of today same field as last year.

5. 4 wheels off in practice wait and re-join when safe to do so. 4 wheels off on timed runs, clear track, wait until the end of run and proceed back to paddock.

6. See Penalty Marker Policy below, Marker posts will not be replaced whilst the course is live. If a marker is down and a competitor blatantly cuts a penalty will be applied.

7. SR23 MSA Steward: Howard Palmer
Chief Marshal: Claire Sutton-Abbott

8. There will be some Class amalgamations to be announced on the day.

This year Hedges & Milligan Farms have requested that funds raised are split 50:50 between Bob and Mercy Ships..

Mercy Ships is an international faith-based organisation with a mission to increase access to health care throughout the world. Mercy Ships seeks to become the face of love in action, bringing hope and healing to the poor.

Through the deployment of the world's largest charity hospital ship, the Africa Mercy, Mercy Ships works with host nations to help fill the gaps in health care systems, while serving the immediate needs of their population.

Mercy Ships provides a variety of training opportunities for medical professionals (surgeons, nurses, administrators, and community health workers), along with curative surgical interventions. Collaborating with qualified local and international partners, Mercy Ships programmes offer holistic support to developing nations striving to make health care accessible for all.

As a Christian charity, Mercy Ships freely serves the poor without regard to race, gender or religion.

Dental Blindness Obstetric Fistula Deformities

Mercy Ships provides free surgery and medical care, and partners with local communities to improve health care, offering training and advice, materials and hands-on assistance.

Imagine a ship crewed by doctors, nurses, water engineers and agriculturalists visiting some of the world's poorest countries. Now imagine their life-changing services offered free of charge…

Right now dedicated volunteers from around the world are bringing hope and healing to thousands of people who could never have believed it possible. Welcome to Mercy Ships, a compassionate response to a world where many have lost hope.

Vauxshop was first established in 1995 by Mark Hingston, who has many years' experience working with Vauxhalls and the Motorsport Industry.

Vauxshop has grown to become one of the U.K's largest Vauxhall Performance and Service specialists, offering everything from a wide range of accessories to performance and rally car preparation.

Our workshop is fully equipped with the latest and most up to date equipment, including laptop induction mapping for vehicles fitted with throttle bodies and also Vauxhalls Tech 1 and Tech 2, for in depth and routine diagnostic repairs for all Vauxhalls including the latest range.

We also compete in tarmac rallies with a Vauxhall Nova, powered by the 2.0 16v XE engine, the car has been developed over the years to become extremely competitive.
