This year Hedges & Milligan Farms have requested that funds raised are split 50:50 between Bob and Mercy Ships..

Mercy Ships is an international faith-based organisation with a mission to increase access to health care throughout the world. Mercy Ships seeks to become the face of love in action, bringing hope and healing to the poor.

Through the deployment of the world's largest charity hospital ship, the Africa Mercy, Mercy Ships works with host nations to help fill the gaps in health care systems, while serving the immediate needs of their population.

Mercy Ships provides a variety of training opportunities for medical professionals (surgeons, nurses, administrators, and community health workers), along with curative surgical interventions. Collaborating with qualified local and international partners, Mercy Ships programmes offer holistic support to developing nations striving to make health care accessible for all.

As a Christian charity, Mercy Ships freely serves the poor without regard to race, gender or religion.

Dental Blindness Obstetric Fistula Deformities

Mercy Ships provides free surgery and medical care, and partners with local communities to improve health care, offering training and advice, materials and hands-on assistance.

Imagine a ship crewed by doctors, nurses, water engineers and agriculturalists visiting some of the world's poorest countries. Now imagine their life-changing services offered free of charge…

Right now dedicated volunteers from around the world are bringing hope and healing to thousands of people who could never have believed it possible. Welcome to Mercy Ships, a compassionate response to a world where many have lost hope.
