Are you fed up of watering the garden with the garden hose? Are your plants getting enough or too much water?

At Irrigation Garden Services we design, supply and install garden watering systems that benefit you.
Our irrigation systems are designed to water specific areas of your garden, reducing the amount of water wasted on areas that don't need it. Irrigation systems can be set on a timer so that the sprinkler systems only come on at night, at the most economic time.

Reasons to choose Irrigation Garden Services and the benefits of irrigation systems:

- Over 19 years of experience supplying and installing watering systems
- Design, supply and installation service
- Specialists in automatic watering systems for residential properties
- Free quotations
- More efficient use of water - night watering to avoid evaporation
- Less time consuming - you can spend more time gardening, rather than watering
- Cost effective - your water bills will be reduced as sprinkler systems are on a timer
